

 **Network** | Cargo
Management

April 2, 2015

To Whom It May Concern:

Network Cargo Management Corporation's relationship began with Dalfen American Corp at their Terracotta Business Park location in September 2010. Having looked at numerous properties Dalfen offered a professional well managed, safe environment for us to call home. While being a tenant we experience a daily comfort of knowing that the management team is there for us in every capacity.

We hope to remain in our current home for many years to come.

Best Regards

Neal Goodhead
Accounting / Administration Manager
